PROFILE

I have been around computers my whole life. Programming is my vocation and what really makes me happy. There is no greater joy than being able to create anything with the tools given by the power of the computers.

SKILLS

• WEB DESIGN:

Planification and development of websites, transformation of web components. Responsive designs and UX

• FRONT END DEVELOPER:

Asynchronous connections with Fetch. Session and cookies storage. JS forms, web error solutions and backend collaborations.

• BACK END

APIS integrations and frontend collaborations.
